CHOOSE BY VOTING

Self government is like an arm or a leg; if it is exercised regularly it retains its vigor and usefulness. If it is allowed to remain idle, it withers and becomes useless.

For that reason, we most strongly urge every citizen who has considered offering himself for municipal office to hold fast to that course. Election by acclamation is not exercising self government. It is the lazy way.

The present municipal office-holders have shown themselves most sincere servants of the community. They have accomplished much of which Newmarket may be proud and grateful. To the mayor, the reeve, the deputy-reeve and councillors, we extend our congratulations on a job well done. We hope they will again appear before the citizens as candidates. We equally hope they will not be alone.

Giving the voters the opportunity of choosing between candidates and voting according to their judgment is the essence of self-government. Elections cost money. Placing an inexperienced candidate means risking errors. But neither the risk nor the expense justify election by acclamation. The risk of forgetting how to exercise self government, through disuse, is far greater.

THE REAL ISSUE

Prime Minister Mackenzie King and Defence Minister A. G. L. McNaughton are both on the

record as favoring voluntary methods as against compulsion in reinforcing the Canadian units overseas.

Their stated reason for the stand is that volunteers fight better than draftees, that the man who enlists of his own free will has a better conception of what he is fighting for and consequently gives more of himself in battle.

There are few Canadians for which that argument will hold water. For one thing, the precedent of other nations is too sharply at variance with the Canadian procedure. But a far more compelling answer to their argument is the political aspect of compulsion. Quebec is against conscription. The Quebec vote is needed by the successful prime minister. Ergo, no conscription because Quebec is against conscription.

Many thoughtful Canadians were appalled by the statements that have emanated from Quebec during the provincial elections. There are many Canadians who have a vivid memory of the anti-conscription riots of the last war. More recently, the dismissal of Bouchard from his post as chairman of the Quebec hydro commission for his statements in the Senate have plagued earnest citizens with fears of revolution and domestic strife.

The Canadian outside of Quebec province has little chance to assess the statements and conditions which he is told exist in that province. He is unable to place them in a proper perspective. Consequently, the Canadian outside Quebec, desiring conscription, hesitates between the risk of a broken nation and the present need.

As this is written, Parliament will have been in session one day. It is reported that the session will deal exclusively with the reinforcement situation. Let us have no debate on the virtue of the reinforcement by conscription as opposed to reinforcement by voluntary service. Let us not be fooled by that smokescreen.

Let us instead, demand that our representatives truly assess the will of the majority of the nation and act accordingly. If the will of the majority of the nation be opposed to compulsion, let us, as citizens acknowledge it.

Let the department of defence limit the scope of our fighting men overseas so that though the scale of our participation be smaller, it will be self sufficient in reinforcements.

If the will of the majority of the nation be for compulsory service, let our legislators act now to implement it without fear or favor. There is still time for Canada to mend its unity in concerted action.

W. M. Collins has again returned from Orchard Beach with freshly picked raspberries.

The evening classes in the King George school got off to a good start last Monday evening with about 50 registered in the several classes. Brief addresses were given by the chairman, T. C. Watson, Rev. Father Wedlock, Messrs. L. G. Jackson, Fred Doyle and Geo. Vale and Principal Cornhill. It is expected that at least ten more will enter the classes. Courses in mathematics, English, mechanical drawing, dressmaking, stenography, typing, bookkeeping, penmanship and millinery are featured.

At the time specified Santa Claus flew over Newmarket last Friday afternoon in the midst of a snow storm. Consequently, he did not have a very good opportunity to display himself or his toys. He had some opposition, for while the crowd was watching for him his brother appeared on the top of a store. He tried to talk but the wind was so strong that nobody could hear what he was saying.

The Victory loan subscriptions in Newmarket were nearly four times the original objective and North York registered nearly double its objective.

There was a big market last Saturday, particularly in fowl. There was only a small quantity of potatoes and apples offered. Butter and eggs were limited and prices are going up. Eggs sold from 80 to 85 cents a dozen. Butter was 60 to 62 cents a pound. Dressed chickens were 25 cents and 27 cents a pound, dressed ducks 35 cents a pound, dressed geese 25 cents a pound and dressed turkeys 35 and 40 cents a pound. Apples were from 35 cents to 60 cents a basket. Potatoes were \$2.25 per bag. Cabbages, pumpkins, squash, strained honey, celery, live chickens, old hens, live ducks, pigeons, rabbits, hides, green and cured, calf skins, horsehides, sheepskins and tallow were also offered for sale.

Chief Justice Wm. Mulock is bringing the jurors up to time. A Georgina man was fined \$30 on Monday morning for being an hour late and on Wednesday morning another man was fined \$10 for being 10 minutes late. The court costs the county \$30 an hour.

Cpl. W. A. Forth of the 127th battalion has the honor of receiving the first king's certificate in Newmarket, which is issued to wounded and disabled soldiers honorably discharged.

Jas. A. Cody has sold his farm on Yonge St. to Dalton Farris of West Gwillimbury. This farm has been in the Cody family for over 100 years.

The Electric Light Co. got their poles erected just in time to miss the frost but the men are having cold fingers stringing the wires for the new incandescent system.

About 25 or 30 new roofs have gone on this summer.

The young people are enjoying skating on the pond this week.

The report of the M.O.H. presented to the council meeting last Monday evening gives an excellent showing of the health of the town which is attributed in a large degree to the perfect supply of pure artesian well domestic water. There have been no deaths this year caused from infectious diseases.

The notice of motion by the deputy-reeve to stop ringing the curfew has stirred up quite a feeling of opposition in town and representatives from two organizations were present at the council meeting on Monday evening to ask for its continuance.

The Schomberg hunting party returned with only one deer.

The KIDS

ARE CERTAINLY

TOUGH ON SHOES!

1,300,000 MORE PAIRS OF CHILDREN'S SHOES LAST YEAR

In the last twelve months Canadian manufacturers made for Canadian children about 25% more shoes than in 1939—a fine job—done by the organization and direction of production by this Board's Footwear Administration and the co-operation of manufacturers. And this was accomplished while they were making more essential type shoes for war workers, who wear out their shoes faster than they do in their normal employment.

THE DISAPPEARING ACT OF RUBBER-SOLE SHOES

In normal times most young Canadians got at least one pair of rubber soled, canvas-top shoes a year. But natural rubber supplies fell into enemy hands, and the manufacture of rubber footwear was drastically curtailed. We're now using reclaimed and synthetic rubber in these shoes—there have been more of them this year and there will be more next year. Leather-soled shoes have had to be used in place of this rubber-soled footwear but shoes made of leather need more care than running shoes. When they don't get it they wear out more quickly; when they get it they must be dried slowly, away from direct heat—and they should be greased also. It's not always a case of poor quality; it's poor care.

LEATHER GOES TO WAR

You've got to have good strong leather for children's shoes, but the soldiers are taking most of ours for their boots. For these leathers, a substantial portion of the hides came from South America and other countries. War cut down these imports and there have been difficulties in getting enough of these and our own hides tanned into leather due to shortage of workers. The production of high grade leather shoes has, however, been maintained at the highest level consistent with the labour and materials available. While shoe factories have been working overtime, factory capacity for civilian shoes cannot be expanded in wartime and it's not possible to change plants from the manufacture of one type of shoe to another—for instance, from women's to children's. The processes, the machines and the lasts are different.

There are very large war uses of leather—for instance, in footwear. A soldier requires four pairs of shoes in the first year of his service and about three pairs per year thereafter. But, what is more important, he needs to have his shoes re-soled four or five times a year. His shoes are of the highest quality leathers obtainable, leaving the other grades of leather for civilian use. Airmen need leather for jackets and mitts. War factories need leather for belting and farmers need leather for harness. Leather—the best leathers—has gone to war.

THE fight against V.D.
is a family affair...

A laughing couple, dodging showers of rice... fireworks... garden... chubby babies...

These are scenes we know and like, because they're part of our lives... because they spell happiness... contentment.

But we know that these things don't "just happen." They have to be worked for, lived for. Protected, too, because of ever-present dangers which may spoil them.

Veneral Disease is a spoiler. In a cold, relentless way it can kill infants, rob the home of its breadwinner, cripple, destroy. These are not mere possibilities. THEY HAPPEN... RIGHT HERE IN CANADA!

But, these things should never happen. They can be prevented.

Young men and women can safeguard their future happiness together by making sure before marriage that V.D. will not blight their plans. A medical examination, including a blood test for syphilis, is a protection no couple can afford to pass up.

The expectant mother, too, may know for sure that her baby will be all she dreamed of. Syphilis in the expectant mother rarely shows outward signs, and it is no respecter of persons. An early check-up by her doctor, including a blood test, is a most essential, yet simple, first step in protecting her baby's health.

Nor must the breadwinner neglect his part. The security of the home depends upon his ability to work regularly and efficiently. Undiscovered syphilis, striking in middle life, may make the head of the home unable to provide for his family. It is wise to KNOW FOR SURE in time. Industrial medical examinations should include a routine confidential blood test.

A blood test should not be looked upon as something unusual. It should be regarded for what it is... a normal safeguard of health, security and happiness.

Invest a few minutes of your time in ASSURANCE.

Mrs. Stanley Miller, 17 Pearson St., Mrs. Eliza Senart, 1 Tecumseh St., Dorothy Monkman, 30 Queen St. W., Mrs. J. Patrick and Alma Freshwater, all of Newmarket, had the most correct sets of answers to their credit in the puzzle editor's file of the 48 who sent in correct answers this week and will receive double passes to the Strand theatre.

They may attend the theatre on Tuesday, Nov. 28, when Walter Brennan, Lon McCallister, Jeanne Crain and June Haver star in the technicolor production, Home in India, or on Thursday, Nov. 30, when Helen Vinson stars in Are These Our Parents and Dick Powell and Linda Darnell star in It Happened Tomorrow.

These five winners may pick up their passes any evening at the Strand theatre. The non-winning correct answers have been given credit in the puzzle editor's file.

The correct answers were: reasonable, sleeves, workshop, registration, housecleaning, terrier, serial, attachment, medium and occasional.

THIS WEEK'S CONTEST
The five winners of double passes this week will have their choice of seeing the program at the Strand theatre on Tuesday, Dec. 5, when Fred MacMurray, Barbara Stanwyck and Edw. G. Robinson star in Double Indemnity and No Greater Love is the added attraction, or on Thursday, Dec. 7, when John Wayne and Susan Hayward star in The Fighting Seabees and Nelson Eddy and Constance Dowling star in Knickerbocker Holiday.

Answers to this week's contest must reach The Era and Express office by 9:30 Tuesday morning. Only one entry will be accepted from any one household or family and the entry must be in the contestor's own handwriting.

Contestants are asked to send their entries in on a slip of paper two and a half inches by four and a half inches (2½"x4½"). The ten classified words this week have been scrambled. Here they are: VCLINIA, TML-SAO, PNHISKEE, YTBVIA, EFTSPNECE, STCMURSEO, RPSUEA, MLANUMI, FBUL-UTIEA, KCCREOESL.

TO THE EDITOR

The editor, The Newmarket Era and Express: Attention Newmarket Veterans. The committee appointed last month to change the constitution regarding general service men has, I think, completed a plan whereby all general service men may be admitted to the association providing they have an honorable discharge, not just those who went overseas.

If a general service man was not sent overseas, it was no fault of his. He had volunteered to be sent anywhere. That he wasn't is the decision of his commanding officers. I cannot conceive why some veterans think as they do. Some have sons in uniform in Canada who have been kept there through no fault of their own.

Are we going to admit these men who have been kept in Canada and are now going to ignore them until they form organizations of their own? We all remember what happened after the last war when there was no unity among veterans, each group slashing at the other's throat.

Let us try and keep together this time. Let us be broadminded and offer them a place in our organization. Let us contact them, these men who offered their services anywhere even though kept in Canada. If they do not accept our offer to join our organization, we will have at least done our duty. If we offer to help these boys, perhaps they will help us. We can't carry on ourselves much longer.

A Veteran.
Newmarket,
Nov. 23, 1944.

DOWN THE CENTRE
Mac Ogilvie, the big, awkward Bradford boy who filled the gap with everything he had when injuries riddled the star-studded Newmarket junior team in their quest for Dominion junior honors in 1933, is in action in Holland with Canadian troops. Mac was used as a "shadow" by coach Bill Hancock against better players and checked them to a standstill. Later he played fine intermediate hockey for Bradford Intermediates. A brother, Ken, is with the army in Italy and Gordon, another brother, is aboard a Canadian corvette.
Gordon Dawson, batterymate for Harry Couse when the latter was just reaching prominence at Cookstown, has been promoted to the rank of pilot officer overseas.
Sonny Brewster, who played junior hockey for Bradford juniors against Aurora back in 1910 and then joined the Duffs where he was a pal of several district boys, has been seriously wounded in action in France and is now in hospital in England.
Hi Lawrie of Markham, member of one of York County's best known hockey clans, is stationed at Fredericton, N.B., with the army and hopes to do a bit of puckchasing this winter. Brothers Ernie and Bob are both overseas with the R.C.A.F. Pepper Martin, ex-Aurora, St. Andrew's College hockey star, is playing basketball these days for the navy team at H.M.C.S. Peregrine in the Maritimes where he is a "sub-loosey". As can well be imagined he is doing all right too. Pepper was one of those natural athletes although local sports fans only saw him in rugby and hockey. He played lacrosse and baseball at his native Wallaceburg.
Jimmy Orlando, rough, tough defence star of the Detroit Red Wings, previously reported as stationed at Camp Borden, is now at a Nova Scotia training centre. Turk Ferguson, the little package of dynamite of the Aurora juniors of '37-38, was pictured last week in a Toronto daily as he took time out in Italy to write a letter home. Allan was with the armored corps and is now with the 48th Highlanders. He was reported wounded a few months back. Apparently, since the pix is a recent overseas one, he is back in the line again.
Cpl. Freddy Thompson, whose southpaw slants were used on the baseball diamond by Stouffville, Aurora and Newmarket teams, is taking treatment these days at Christie St. hospital. He is able to be about. Freddy has been with the air force since early in the war and is likely to receive an honorable discharge because of his physical condition. One of the best young blueline players in the country and a member of last year's edition of the Brampton Bullets, Whitey Bartlett will be performing this season for No. 3 C.A.C.T.R. which is grouped with Newmarket in the C.A.C. group. The games with No. 2 will have quite a bit of interest from the Newmarket angle. Capt. Harry Barr, who along with Major A. H. Adams and Capt. Bing Caswell were the big three of Brampton, is at No. 3 and the latter two at Newmarket.
Vic Jackett has for the time being at least replaced Aurora's Don Hamilton as netminder for Army Shamrocks in Toronto. He hails from Yorkton, Sask., where he played with the western intermediate champions. Jackett was stationed at Orillia camp and was expected to play goal for that centre in the C.A.C. league before being moved to Toronto.
Jack Burns, well-known member of the Markham bowling club and for many years a power to be reckoned with on the green in any tournament, has been elected to the vice-presidency of the Canadian Lawn Bowling Association. He has been a member of the council of the association for the past nine years and his promotion is well merited. Over the years he must have won sufficient prizes to just about half fill the Burns menage.
Bob Dales, who back in the early 20's was performing for Stouffville hardballers and was one of a brother act, is now located at Calgary, Alta., where he has just been promoted to the management of the main branch of the Bank of Nova Scotia. Howard Forgie, who pitched for Markham midlets the past year in North York baseball, has just about clinched a place with this year's edition of Markham.

Hogs were \$17.65 to \$17.75 dressedweight grade A, with sows \$13 dressedweight.

HOME-BAKED BEANS
Look over and wash well 1 pound dried navy beans, cover with cold water and let stand over night. Bring to boil and simmer 1 1/2 hour. Drain and turn into bean pot. Add 1 teaspoon dry mustard, 1/2 teaspoon pepper, 1 peeled small whole onion, 1/2 pound smoked or salt pork or "bacon square" cut in pieces (the unseasoned smoked pork ribs), 1/2 cup light or packed brown sugar or molasses or 1/2 cup corn syrup, add baking water to cover. Cover and bake in slow oven 300 degrees about 2 hours. Unless salt pork is used, add 1/2 tablespoon salt dissolved in 1/2 cup of the baking water. Complete baking (about 3 hours longer) During baking, add water as necessary to keep beans moist, uncover toward end of cooking to allow the top to crisp.

MAGISTRATE'S COURT
THEFT, RECEIVING CASES
ADJOURNED ONE WEEK

With the exception of one charge,
all cases on the docket before
Magistrate W. F. Woodliffe in the
magistrate's court here on Friday
were adjourned one or two weeks.
The one case which was heard
by his worship was that of Thomas
J. Dunlop, Northmount post office,
who pleaded guilty to a charge of
illegal possession of liquor and was
fined ten dollars and costs or one
month in jail.
Chief Constable Fisher Dunham
testified that on Saturday, Nov. 4,
at 11:30 p.m., he was notified that
there was a man on the bus who
was drinking and causing a dis-
turbance. The officer stated that
he and two other police officers
picked the accused up as he was
getting off the bus. The latter was
under the influence of liquor and
had been drinking from a bottle
which the officer exhibited in court.
His worship ordered the bottle,
which contained a mixture of
champagne and gin, confiscated.
At the request of N. L. Mathews,
special prosecutor for the War-
time Prices and Trade Board, a
charge of "selling soft drinks"
against Murray Freeman, 18,
Kensington Ave., Toronto, was
withdrawn. The former stated that
the defendant appeared before the
board and it was found that he had
misunderstood the law.
At the request of Crown Attorney
Arleigh Armstrong, the trial of
George Thompson, Ross Thompson,
Walter Thompson, Fred Thompson,
William Thompson and Orval
Vaughn, all of East Gwillimbury
township, was adjourned until next
week. With the exception of
George Thompson, father of three
of the defendants, all the accused
were placed on \$1,000 property bail.
Ross, Walter and Fred Thomp-
son and Orval Vaughn are charged
with stealing two automobile tires,
two automobile wheels and a quan-
tity of auto tools to the value of
\$39 from Pte. F. C. Boni-
face, Newmarket military camp.
Ross and Walter Thompson are
charged with retaining the stolen
goods of Pte. Boniface. Walter
Thompson is charged with stealing
two tires and two wheels valued at
\$18 from Pte. R. A. Cabb, New-
market military camp. George and
Walter Thompson are charged with
retaining stolen goods of Pte.
Crabb. William and Fred Thomp-
son and Orval Vaughn are charged
with stealing three tires, three
wheels and a box of fishing tackle
to the value of \$125 from Pte.
Gerald Osterhout, Newmarket mili-
tary camp. William and Fred
Thompson and Orval Vaughn are
charged with retaining the stolen
goods of Pte. Osterhout. All
charges were laid by Chief Con-
stable James Sloes.
At the request of the defence
counsel the charge of selling a
motor car and rug contrary to the
War-time Prices and Trade Board
against Orville Roach, F. A. For-
sythe, both of Goodwood, Ontario,
and Alvin S. Farmer, Gormley, was
adjourned until Dec. 1.
